Dear David and Cedar Storage,

Thank you so much for your allowing us a storage unit to keep our Easter Hunt supplies in. Without your help I really don't know what we would do. Our budget does not allow us the extra to pay for storage and my wife we leave me if I tried to store them all in the garage.

The hunt was an incredible success this year in spite of the cold and well over 1000 of our area children bundled up and gathered up the nearly 25,000 eggs in less than a minute. Thanks to your involvement, we were able to provide not only the eggs, but also 8 bicycles and 200 prize baskets for our local children. Many local families have come to rely on this as their children's only Easter Hunt and we appreciate your support in providing this long standing Cedar City tradition.

Your name was placed on a really nice and really large banner and we mentioned you several times over the P.A. system. I hope by now you have received some feedback from those in attendance. I have enclosed a photo that I think captures a little of the essence of the Hunt and I hope you understand the part you played in making this possible.

We realize that you get requests for donations on a daily basis and we want you to know we sincerely appreciate your helping us.

Thanks again,

A handwritten signature in black ink, appearing to read 'Roger Olcott', with a large flourish extending to the right.
